KEY STRENGTHS

- Performance driven by on-time, on budget contract execution and the highest quality workmanship.
- Proficiency and expertise working in highly sensitive and secure environments.
- Proprietary Job Track software with real time field connect - controls usage of materials and labor on site, optimizes resources, and reduces unnecessary expenditures for maximum return on value for our customers.
- 90 employees, BICSI RCDD\OSP engineers, certified BICSI installers and technicians with the experience, equipment, and vehicles to do the job and minimize the need to sub-contract.
- ITIL Site Managers.
- RTPM and PMP Project Management Professionals.
- Current performance on multiple contract vehicles.
